REPUBLICANS RESPONSIBLE FOR ANY FAULTY NEW CONSTITUTIONS IN DAKOTA.

Probability That Utah Will Vote for Bills Admitting the Southwestern Territories, and That Arizona and New Mexico Will Not--Prospective Constitutional Conventions--Text of the Enabling Acts.

WASHINGTON, D. C., Nov. 11.--[Special.]--Democrats who do not think an active session of the Fifty-first Congress unless one will follow that they are willing to let the Southwestern Territories go to Statehood. Springer is already aimed for the session to get some vote by the House on the two pending bills for admitting Dakota out of the Union, Harrison's message last December recommended legislation for the admission of Dakota as a State, Washington, Montana, and New Mexico. The proposition to let the Dakotas go to Statehood has been talked of ever since the Democrats obtained control of the House, and it is probable that the Democratic majority will be willing to let the Republicans have the credit of admitting the Dakotas. The Republicans have been pledged to the admission of Dakota for years, and they have been pledged to the admission of Montana for several years. The Democrats have never pledged themselves to the admission of any Territory, but they have been pledged to the admission of New Mexico for years, and they have been pledged to the admission of Arizona for several years. Utah has been pledged to admission for several years, and the Democrats have been pledged to the admission of Utah for several years. A PREACHER SWEARS OFF.

A NEW YORK CLERGYMAN WILL STOP PREACHING FOR A MONTH.

The Rev. Malcolm Warren, Rector of the Church of the Holy Trinity, Says He Has Run Into Up Drinking to Excess, but He Will Stop for Thirty Days and to Prove That He Can Control Appetites Easily.

New York, Nov. 23.—[Special.]—The Rev. Malcolm Warren, rector of the Church of the Holy Trinity, caters off drinking for one month today. The pledge was taken in the presence of a number of prominent clergymen, and it was not taken because the reverend gentleman believed it was necessary to his welfare, but just to show himself as well as others that he could do so.

During the service he said it was due to the advice of the Bishop of Pittsburg, who was present, that he had taken the pledge. He was not a believer in total abstinence, but he believed that temperance people should have their way. He was also a believer that temperance people should not be too often offered a glass of wine, whenever it is served in a social manner, but that there shall be a limit to it would be folly. Approaching as a matter of good faith, he chose to take a pledge not to drink for a month to which occasion he said: "I am not going to make a confession, nor am I going to ask anyone's forgiveness, but I have decided not to touch a drop of anything to-morrow for a month just to show myself that I can do it. Do this and be thankful."

New York, Nov. 23.—[Special.]—The directors of the Asbestic or Columbia College, elected at their meeting the first Monday of the present month, it becomes a plan for the education of women in connection with the college, in addition to members of the faculty as a large number of the professors of the highest attainments of society, so far as Columbia College is concerned, and a step forward in the direction of actual university training. Tramps for Municipal Bee Keepers.

The Bridges and Ways committee of the municipal council of Toronto has recommended to the council that the tramps now living in the workhouse be employed in making roads in the suburbs. The tramps will be employed in making roads in the suburbs. The tramps will be employed in making roads in the suburbs. The tramps will be employed in making roads in the suburbs.

A Forest Conflagration.

The accident overturning the coach of the Manchester-Bridge road carried outside at the Crescent Street Inn, is under the control of Mrs. Brown, who charges extra charges. The fact was ascertained that the entire fire had not been extinguished at the time of the accident, and that the fire had spread to the adjoining woods. The fire is now under the control of the fire department.

Government Sought Wanting.

The Great Lakes Transit Company, of Chicago, has filed a petition in the United States Court, asking that the Government be restrained from collecting the tonnage dues on the steamer Pilot, which is now in the harbor of Chicago. The petition is based on the ground that the steamer is not engaged in the coasting trade, and that the tonnage dues are not applicable to her.

Approaching Thanksgiving.

NICOLL'S methods are classic as the Pilgrim's Thanksgiving.

(1.) Getting the best, brightest, and choicest make of goods to be had.

(2.) Making-to-measure honest qualities, goods that are stylish and not out of date.

(3.) Giving the best possible made-to-measure garment for cash, suppressing the evils of credit.

(4.) Counting friendly patrons by the thousands, with many above in many cities.

(5.) Pleasing at any cost; doing with a little profit; not stopping short of a big business.

You have seen how it worked. It kept full times from Nicoll's doors. It wouldn't if we hadn't made you gainers by it.

We have overcome slow trade—and you have saved money. Trousers, Suits, Overcoats, to measure at prices you can afford.
